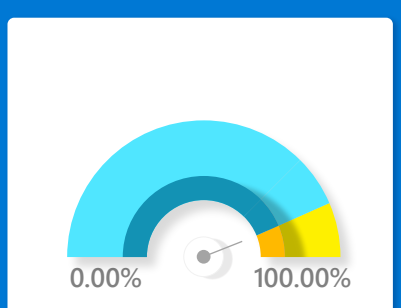
Microsoft Dynamics 365

Connect your business to drive productivity and profits

Supercharge your growing business

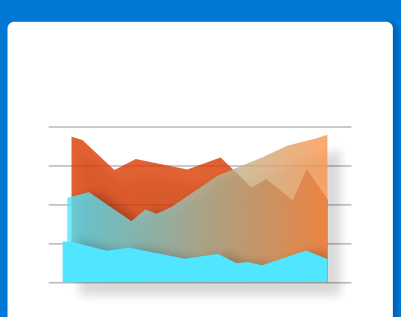
What's driving a need for new ERP systems?



92%

Of organizations consider their ERP project a success and 50% report it improved most processes.

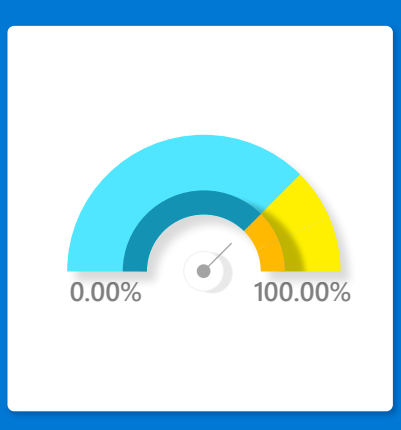
(Panorama Consulting)



Common reasons startups fail:

Cash flow management, outpaced by faster moving competitors, pricing/cost issues, ignoring customers, loss of focus, and inability to pivot.

(CBInsights)



82%

Of SMBs agree new tech is critical to survival and growth, and **83%** report cloud apps have been valuable in helping weather COVID-19.

(SMB Group)

Current systems are disconnected and can't handle the complexity of a growing business

Incomplete data and tedious reporting create blind spots and lead to poor decisions

Run your business with a single solution that streamlines business processes and helps employees work faster and smarter

Deploy one solution to manage your financials, sales, services, and operations.

Connect apps like payroll, banking apps, CRM systems, e-commerce, or customer APIs.

Create quotes, orders, and invoices right from Outlook and get tasks done on the go with mobile apps.
